

Google Educators Group Ludhiana Chapter begins at Sat Paul Mittal School

Sat Paul Mittal School, continuing with its unswerving endeavour of Teacher Training and Development, organized a stimulating workshop by Google Educators Group. Google Educator Groups contribute in capacity-building of educators and encourage access to open technology in education. GEG India Community brings together educators from across India, who are using technology for a more personalized, interactive and creative learning experience for their students. GEG commenced the Ludhiana Chapter with Sat Paul Mittal School, after successfully collaborating with educators from 23 cities.

The workshop, based on web literacy and Google tools, introduced the enthusiastic lot of educators to innovative technology tools which can be used in classroom practices. Participants got connected to various Google online communities focused on supporting educators. Through hands-on experience, teachers were given an enlightening insight into the use of technology and learnt the use of various Google Apps such as Google Drive, Google Docs, Google +, Google Forms and Google Groups.

The resource person, Mr. Anupinder Singh, Google Educator Group Lead, Chandigarh, who has years of experience in the field of integrating education with technology, shared his know-how and guided the teachers to use latest tools to modify teaching-learning strategies in order to arouse the interest of the tech-savvy generation of students.

The School Principal, Mrs. Bhupinder Gogia, appreciating the initiative said, “The new –age students require knowledge and information to be communicated through novel mediums. Hence, it is imperative for every progressive organization to blend education and technology, seamlessly, for the benefit of its members.” The workshop was a great success and greatly added to the skill set of the technologically adept staff members.
