

Kids show off the spirit with Pyjama Party

A 'Pyjama Party' was organized at Sat Paul Mittal School for little Satyans as part of the settling activities. The giggles of excitement and surprise resonated in the doll house as they celebrated the day of "slumber party" entertainment that included games and activities like pretend sleep time, pillow fights, bed time stories and more. The little toddlers came in sleepwear and brought their favorite soft toys and danced and played games in their jammies. It was a wonderful way for children to socialize and communicate while spending fun time together with friends.
