

CELEBRATING 20 YEARS OF EXCELLENCE

The session 2023-24 of Sat Paul Mittal School marks 20 years of leading, learning, and growing as an organization. As we stand in this moment, the joy of birth and the memories of the years of growth and struggle fill us with pride and a true sense of accomplishment. This journey has not only been a book full of the wonder, dreams and achievements of our hardworking and talented Satyans but also a testament to the dedication of our teachers who have diligently worked on and walked the extra mile in supporting our Satyans in every possible way.

“However long the night.

The dawn will break”.

To mark the beginning of the celebrations of 20 years of Excellence, Sat Paul Mittal School invited our young and enthusiastic Satyans of Classes III – V to come forward and participate in various competitions held on 28th April 2023 like Slogan writing for Class III, Greeting Card Making for Class IV and Poster Making for Class V on the theme "Celebrating 20 years of Excellence".

It was a great opportunity to watch these young minds creating and displaying their thoughts and creative ideas on paper. It was a joy to watch the vibrant and active Satyans creating such unique and special cards and posters.
