

## ***CAREER COUNSELLING WORKSHOP***

### ***“OPPORTUNITIES DON’T HAPPEN , YOU CREATE THEM”***

In an endeavor to offer a proactive platform to the students to get exposed to career choices available globally, an informative and interactive workshop on the Career Orientation & Mapping for Grade IX-XII was conducted on 23rd August,2018 and 24<sup>th</sup> August,2018 at Sat Paul Mittal School. The facilitator for the event was Ms Saumya Prashant Tripathi from Univariety. The workshop was organized to help students in Career Planning and Career Mapping which are the two key constituents that have to be catered to while selecting the subject options and choosing careers.

Students were given an insight into the emerging careers in the field of Science Commerce and Humanities, choice of courses and country preferences. They were briefed on the process involved in College Admissions and the requirements and preparation for the Entrance Examinations .Students were briefed on the emerging trends in careers in the fields of Science, Humanities and Commerce. The workshop helped students in mapping their Interests and core competencies to the course and countries. Students enquired about the country wise requirements and validity of the degrees of various countries like Russia , China ,Canada, United States of America .Students were given detailed information regarding the Scholarships, Workshops, Webinars and Career choices .

The interactive session gave students of Class XII a clarity on making informed choices on the courses and countries. Students were also guided on the process of creating a student’s profile which would further help keep a track of student activities on the Univariety Portal.
