

***A visit was organized to Herbal Garden at Punjab Agricultural University for Class PV students***

As a part of our integrated thematic learning, the students of Sat Paul Mittal School of PV were taken to visit the herbal garden, PAU (Punjab Agricultural University). The kids got the opportunity to witness the Green House effect and saw numerous flower species. The field trip was organized keeping in mind that learning should not be restricted only to the classrooms. Moreover, Gardening is educational and develops new skills. The kids enjoyed the trip thoroughly and brought back treasures of memories and experiences.
