

Satya Bharti School Visit- Classes VIII and IX

Sat Paul Mittal School organized a visit to Satya Bharti School for the students of Classes VIII and IX. The Satya Bharti School Program provides free quality education to several first generation learners in rural India. The program, with a special focus on the girl child, aims to deliver transformative education to children so that they become educated, responsible and self-reliant citizens with a deep sense of commitment to their society. The Satyans of Sat Paul Mittal School of classes VIII and IX had got an opportunity to visit there on 6th August, 2019. The Satyans enthusiastically presented their posters and PowerPoint presentations on saving the Mother Earth and made them learn about the various environmental threats. They had a great experience interacting with those kids and they got to know a lot about their lives in the village. During their mid-day meal, The Satyans served them food and planted saplings in the school premises of Satya Bharti School. Our students returned from Satya Bharti School filled with delight and exposure to a different way of life.
