

Sat Paul Mittal School organized visit to a Filling Station for Class PV

An educational excursion enhances a child's sense of adventure and allows them to be open to new ideas and places. Not only this, they add fun to the teaching learning process, bringing lessons to life.

The young Satyans of Class PV visited the HP Petrol Station, Dugri as a part of the thematic learning, integrated with the theme of the

month 'Transport' and also 'letter p -petrol'. The kids were curious and enthusiastic and observed the place with interest and attention. This helped to reinforce classroom teaching, while giving learning opportunities and experiences outside the proverbial 'boxes' of numeracy and literacy. Overall, it was a successful trip that involved kids in visual and practical experiences to help them understand subject better.
