

Ms. Gurpreet Sandhu represented Sat Paul Mittal School in Flipgrid Meet @ Hyderabad

"An education isn't how much you have committed to memory, or even how much you know. It's being able to differentiate between what you know and what you don't."

A **Flipgrid Meet** was held on 17th October 2019 at Hyderabad. The Flipgrid's founder [Dr. Charlie Miller](#) and Flipgrid's Principal Engineering Manager [Nate Edwards](#), had come from Minneapolis, USA to meet the passionate educators of India. The meet began with Dr. Charlie sharing the inspiring story of Flipgrid and how it began. It was then highlighted that Flipgrid increases student engagement and flourishes creativity and confidence in students. They gave an insight into the various innovative ways in which Flipgrid tool can be used in teaching pedagogies. The educators were also apprised with the exciting status updates and the upcoming features in Flipgrid. The importance of amplifying students' voice and giving ownership to students was also stressed upon. The meeting concluded with the educators asking questions on how they can use flipgrid in the classroom more effectively.

The event was attended by 60+ educators from all over India. **Ms. Gurpreet Sandhu** represented **Sat Paul Mittal School** and shared the ways in which Flipgrid is used at our school. She was highly appreciated for her efforts to empower every student voice and help them become global citizens. Dr. Charlie was really happy and impressed by the way Sat Paul Mittal School is helping every student to share their ideas and be the empowered leaders of tomorrow.
