

Form Assembly Class VII 'Brave'

"Our fate lives in us. You have to be brave enough to see it." The essence of this dialogue from the movie, Brave, rings with truth and was brought alive on the stage by the Satyans of Class VII during the Form Assembly held at Sat Paul Mittal School on 24th December, 2019. The grand premiere of the movie showcased talent of each grade VII Satyan,

be it in theatre, music, dance or visualization and design thinking. Set in Scotland in a mythical time, Brave featured a redheaded princess named Merida, an inspiring archer and daughter of royalty. Determined to carve her own path in life, Merida defied an old-age custom sacred to the uproarious lords of the land.

The event began with the lighting of the Christmas tree via remote-controlled technology devised by innovative Satyans themselves. Amidst the adventurous and thrilling ride wherein battles were fought, witchy spells were cast and metamorphosis occurred, the Satyans evoked every emotion with utmost sincerity and finesse. Brave delivered the message about improving

communication between a child and her parents and the significance of listening to one another. The showcase left the parents enthralled. The event concluded with foot-tapping music to celebrate the spirit of X-Mas and ring in the new year.
