

## Christmas Celebrations @ SPMS

“Christmas is a day of meaning and traditions, a special day spent in the warm circle of family and friends.”

Celebrating the holidays and Christmas is a special experience for children. Bringing these celebrations into the classroom makes learning memorable. Taking this time away from the rigor of

day to day school life to celebrate together is a magical thing. It was surely a Christmas to remember at Sat Paul Mittal School. DIY workshops were organized as part of Christmas Celebrations that were super fun and fascinating. From elves and trees to snowmen, and more, these crafts and activities gave kids a chance to express their creative energy and feel the Christmas spirit. Little Satyans celebrated the festival with earnest devotion. There were various activities and competition held on this day. Class PV showed their colouring skill on sheet , Class UPVAN did tear and paste on Christmas tree and class I had Reindeer Headgear Making Competition. The essence of Christmas came alive when grade III students and teachers got together and organized a Christmas Special Assembly. Too often Christmas is stolen from our lives without us even recognizing that it’s gone. The play highlighted various distractions that can take our focus away from the true meaning of Christmas and cause us to miss the joy of the season. Carol singing by the senior school students added more charm to the celebrations. A foot tapping dance performance on popular Christmas carols added a befitting musical treat. The whole school reverberated with the melody of Christmas carols. The children carried home the message of sharing and caring as well as the pleasure and pride of spreading peace, true to the spirit of the celebration.
