

Sat Paul Mittal School seeks divine blessings for Classes X and XII Board Exams

Committed towards producing leaders who are a fine blend of traditional values and modern outlook, Sat Paul Mittal School leaves no stone unturned to do the best for their students. As the students of classes X and XII gear up for the forthcoming Board examinations, the school organized Havan in the school premises on 27th January, 2020 to seek divine blessings as well as inculcate respect for different religious and cultural practices. After the Havan, the students and the staff also paid obeisance at the Gurudwara and sought divine blessings.

Ms. Bhupinder Gogia, Principal, Sat Paul Mittal School, wished the students success and motivated them to perform well in the Board Examinations. Giving study tips to the students, she emphasized on the importance of time management. She advised the students to be focused and self-disciplined and hoped that the students would cherish the lessons inculcated in their character throughout their school years. The Heads and the teachers of the school also wished the students success and enthused them to do well. Students were gripped by nostalgia as they drew upon reminiscences and recalled fond memories of the years spent in school.
