

## Akshat Gupta, student of Sat Paul Mittal School, Publishes a Research Paper with International Journal of Innovative Science and Research Technology

Kudos to Satyan Akshat Gupta for writing a research paper that was recently published in "International Journal of Innovative Science and Research Technology" along with several knowledgeable scientists and researchers, thus bringing laurels to the school and making the city proud with their innovative thinking and hard work.

Satyan Akshat Gupta earned the place of pride by getting his research paper 'The Universe' published in "International Journal of Innovative Science and Research Technology". The journal acknowledged that the work is original without any plagiarism. This research paper tries to find the answers to the pertinent questions regarding the nature of universe and deliberates over the possibilities of life in the universe. The paper also tries to provide apposite and detailed answers to mysteries relating to the structure, function and prediction of life and

universe itself. Akshat throws up ideas that are not only original but also substantiate them with relevant observations. Akshat Gupta was awarded certification International Journal of Innovative Science and Research Technology upon the publication by his paper.

'I hope these theories act as stepping stones towards to unravel the secrets of the Universe', said Akshat Gupta.

Bright and cheerful, Akshat excels in academics as well as various extra-curricular activities. He is a diligent student who brings creativity and innovation to whatever he decides to undertake. His ability to think and work in an interdisciplinary manner and make connections in seemingly disconnected facts makes him stand apart. He is enthusiastic and has zeal to work on unexplored domains.

Principal, Ms Bhupinder Gogia, Sat Paul Mittal School, expressed her great delight and congratulated Akshat Gupta for this remarkable achievement.
