

Sat Paul Mittal School organized Rumble in the Jungle Week virtually for Class PV

Sat Paul Mittal School organized Rumble in the Jungle Week virtually for the Satyans of Class PV. It was amazingly conducted and celebrated with full fervor. The week began with a QCT session on “Saving animals” and appraised the students with the numerous ways in which they can contribute in helping furry friends. Subsequently, it was followed by various activities i.e. dance, music, art, clay and sports in integration to animal theme. A Show and Tell on animals was also conducted. It provided the young tiny tots, a wonderful opportunity to express themselves through their spoken skills. It was a huge success as kids participated with so much enthusiasm and dressed up for the same. They all were very well prepared for the activity and showcased their knowledge and spoken skills. Math fun with animals was also enjoyed by the students and they loved the counting and hands-on activities. Children

were amazed to learn fun facts related to Letter 'R' animals like rattlesnake, ram, rooster, raccoon, reindeer etc. A movie link of Disney's classic 'Bambi' was sent for the children to have a fun bonding time with their parents.

Overall, it was an enriching learning experience for the children as they participated enthusiastically. The success of “Rumble in the Jungle Week” clearly highlighted that learning has got no boundaries and an immersive experience can be achieved digitally as well.
