

Sat Paul Mittal School organized AFS Virtual Class Cultural Exchange with Mexico

Sat Paul Mittal School in collaboration with AFS India, partnered with Green Valley School, Puebla, Mexico coordinated a Virtual Class Exchange on 10th December, 2020 at 7:00 p.m. (IST) to foster intercultural dialogues. It was indeed a proud moment when the students of Class VI represented India in the India 2020- A Cultural Spectacle as ambassadors of the nation.

The virtual session started with the exchange of pleasantries like Namaste and Hello from the respective countries. The hosts for the event, Anahita and Amaira of Grade VI left everybody spellbound with their oratorical prowess as they celebrated India's richness and cultural diversity with the students from Mexico. Satyan Prisha Jain invoked blessings of Lord Ganesha with the Classical Indian Dance form- Kathak and Adityaraj created an idol of our most revered God, Lord Ganesha. Satyan Sankalp, Aarav Marjara, Kushagra, Samjot, Amaira, Jasjot and Arsheen showcased India's rich and varied food history with mouth-watering cuisines. Namay, Divanshi and Shiven mesmerized everybody with their soulful performance through Mridangam, Keyboard and traditional Punjabi folk through Guitar.

Anahita, Jasnoor, Sahana, Aarav Singla, Haribadat and Jasmehar gave a sneak peak into an ethereal exhibit of our traditional apparels. Krishna, Prisha, Shenaya and Sahana demonstrated Yoga- a traditional art of acquiring the utmost peaceful state of mind, body and soul. The grand finale was performed by Karin, Krishna, Arsheen and Jasnoor wherein they enraptured the audience with the most energetic, electrifying and contagious traditional folk dance- Bhangra.

It was an amazing learning session when the students from Mexico spoke about their school and the rich culture and traditions of Mexico. The AFS Virtual Class Exchange program helped the Satyans appreciate cross cultural norms. As active global citizens, Satyans enjoyed the Intercultural learning and learnt to accept and respect differences during the interaction.
