

CCRP Session by Mr. Harpreet Singh, Assistant Director Outreach, Ashoka University

On 19th April, 2022 the Satyans of Grade XII were given an opportunity to have an insightful session with Mr. Harpreet Singh, Assistant Director Outreach, Ashoka University, on Liberal Education and future of higher education.

Famous sayings have been quoted by renowned experts such as “The basic purpose of liberal arts education is to liberate a human being to exercise their potential to the fullest.” and “Education can give you a skill, but a liberal education can give you wisdom.” Mr. Harpreet in this 1 hour session helped the students understand what these quotes really mean, in today’s world.

With world changing and industries intersecting the students of today, who will become leaders of tomorrow, need more than just the traditional linear education. Here comes Universities like Ashoka pioneering to bring the Liberal and multi-disciplinary approach to higher studies in India. Discussions were held on what Liberal Education really means, its importance in coming years, how universities are providing it and how one could apply to this reputed University.

It was an informative session for all whether or not they are aiming for Ashoka as it gave students a new perspective to consider while planning their future.

I think by the end all the Satyans were enkindled a spirit to learn and explore more about Liberal education.
