

Sat Paul Mittal School in collaboration with Mindler conducted a virtual orientation workshop for students of Class XII

"Future Orientation is combined with a notion and expectation of progress, and nothing is impossible"

Sat Paul Mittal School in collaboration with Mindler conducted a virtual orientation workshop for students of Class XII on 22/4/22 at Mittal auditorium from 8.30 am to 9.30 am.

The agenda of the workshop was:

Introduction & Program On-boarding Workshop (Virtual for Grade 12).

Students were given a virtual tour of all the resources available on the Mindler e-portal. They were shown the career related blogs and V-Blogs for further career explorations.

The workshop also included details on Career Assessment and the art of scientific career decision making.

Students were also informed about the possibilities of taking the psychometric Assessment again this year.

It was indeed a very informative and interactive session.
