Purpose of the water bowl initiative was to arrange water for pets and birds... I am glad Namya is able to convince the neighbours to do the same..Kudos for Neha.. your initiative seems to bring a change in young Satyans...

A humbling and eye opening experience for both parent and child, courtesy the visionary holiday homework schedule developed by Yuhaan's school 'The Sat Paul Mittal School, Ludhiana.' Nudged us awake from our comfortable lives. A blessing for my son to meet these elders so brimming with love to share and time to give, particularly at a time of great personal loss...Yuhaan will miss his late paternal grandfather who left us for divine abode a few days ago but will not be devoid of blessings that come only from strong roots, as he will now be able to regularly seek them here, where there is so much more to receive than to ever give.

May Allah ease their paths.

Gratitude,

Yuhaan and family.

Meeting the elderly- A thoughtful project by Sat Paul Mittal School Satyan Sherlyn Sandhu had a memorable time meeting an elderly lady Sardarni Manjit Kaur. Grains and water offered to birds on our terrace. It attracts pigeons, parrots and all beautiful birds to eat their food and quench their thirst in this hot weather. One must do it for these birds and for pets too..

A water bowl initiative as a part of Holidays H.W. to quench thirst of pets.. Though we were doing it but know we will make it a routine realizing pets and birds also have needs as humans...
