## SKILL BUILDING

Ms. Bhupinder Gogia, Principal, Sat Paul Mittal School invited as a keynote speaker at Nurturing Education Summit 2023

### Technology the need of the hour

Technology provides students with easy-to-access information, accelerated learning, and fun opportunities to practice what they learn. It enables students to explore new subjects and deepen their understanding of difficult concepts, particularly in STEM. Through the use of technology inside and outside the classroom, students can gain 21st-century technical skills necessary for future occupations.
